

If I Only Could

I never meant to cause you so much sorrow.
Why do today what you can put off 'til tomorrow?
I never meant for you to be so unkind.
Your conscience didn't mind just what you had to do to me.

If I only could make it up to you,
you know I would, if I could.
If I had a chance to make you understand
but I just can't, I wish I could.

I never meant to let you down so easily,
the way you did it to me.
I never meant for it to turn out this way.
There is nothing I can say to make you see.

If you only knew just what I've been through,
you'd know I did the best I could.
If you only could
tell me what it is that you would do if it were you.

If I could explain all about my pain
you know I would, if I could.
If I really may be able to relate that way,
I could, if I would.

If I had a chance to make you understand
but I just can't, I wish I could.
If I only could make it up to you,
you know I could, if I would.
